

# Les Memoires 1961

The Yearbook of the Students of Northeastern Junior-Senior High School Manchester, Pennsylvania Volume 3

## "The noiseless foot of time . . .

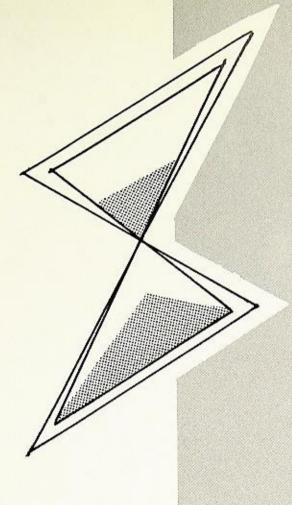

. . Steals swiftly by, and, ere we dream of manhood, age is nigh!

- JUVENAL

Because of the swiftness with which these last years have fled, we have chosen to salute Time in the presentation of this yearbook. Between these covers we have attempted to create a bridge which will, as each year passes, span the ever-widening gap between past and present. In the publication of this edition of Les Memoires, we hope to have captured the year, 1961, so that its memories may be preserved forever.

### We Honor ...

We wish to express our deep appreciation to those who have contributed the most in the molding of our lives. With their guidance behind us and our ambitions before us, we are prepared to take that important step forward into the world of tomorrow. Saying thanks in a small but sincere way, we the class of 1961, respectfully dedicate this edition of Les Memoires to our parents for wisdom and understanding granted us through the years.

## Administration

"Knowledge is, indeed, that which, next to virtue, truly and essentially raises one man above another."

— ADDISON

Mr. Orendorf and his secretary, Mrs. Kann

#### Supervising Principal

Clarence R. Orendorf B.S., M.Ed. Millersville, Penn State

Mr. Orendorf has rendered thirty years of service to this district beginning as a teacher of elementary school in Newberry Township and later in Lewisberry Boro.

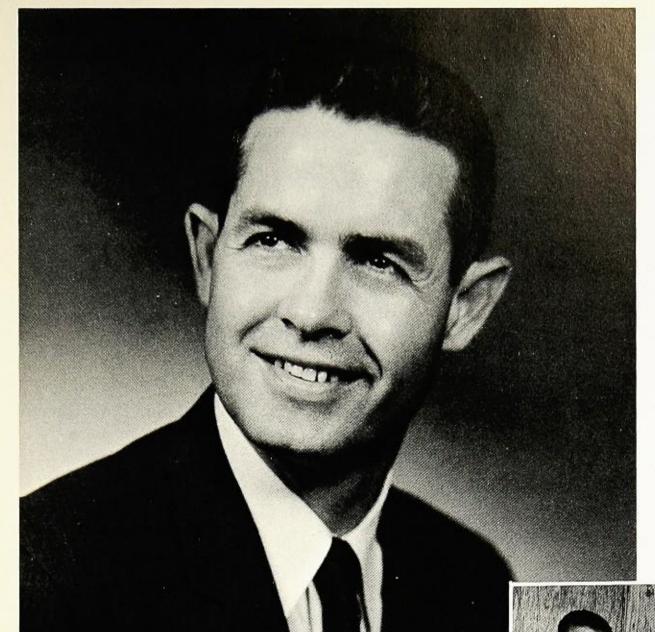

As an administrator, he served as principal of Mt. Wolf Jr. High and Manchester High School, Assistant County Superintendent and County Superintendent, and Supervising Principal of Northeastern School District in 1953 and from 1957 to the present.

Dusquesne University, Bowling Green
State University

Mr. and Mrs. Sutton and children, Gary, Robin, and Brian.

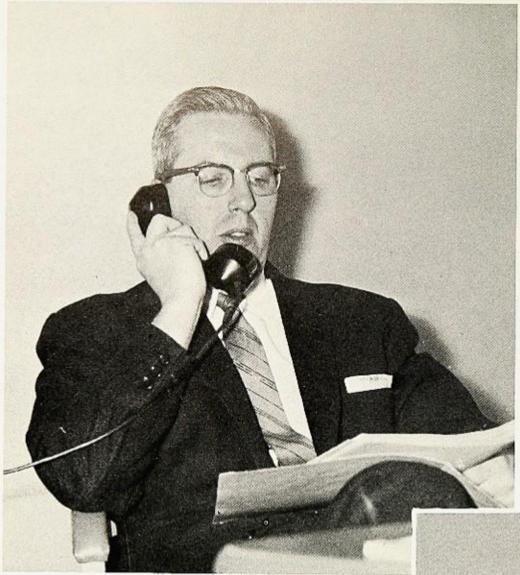

Mr. Sutton's teaching experience was gained at Yuma, Arizona, and Gibsonburg, Ohio, as a music instructor.

His career as an administrator began when he assumed the responsibilities of principal and part-time music instructor at the high school in East Smithfield, Pennsylvania.

This has been Mr. Sutton's first year with our school district. Under his competent leadership Northeastern High has grown and prospered.

## They Form Our Educational Foundations

#### Assistant Principal

Arthur T. Hendrix B.S., M.Ed. University of Wisconsin Penn State University

Mr. Hendrix began his service with the school district at Mt. Wolf Junior High School in 1949 as an instructor in Pennsylvania history, basic mathematics, civics, health, and physical education.

From 1953 to 1958 he served as principal of the junior high school. Upon moving to the new junior-senior high school in 1958, he became the Assistant Principal of Northeastern, the office which he now fills.

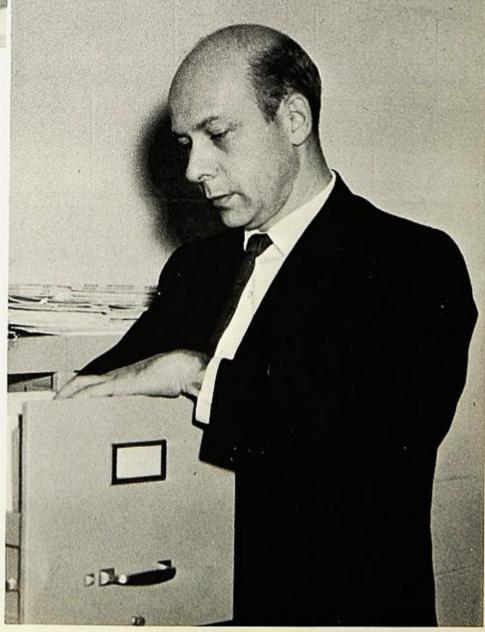

#### Curriculum Coordinator

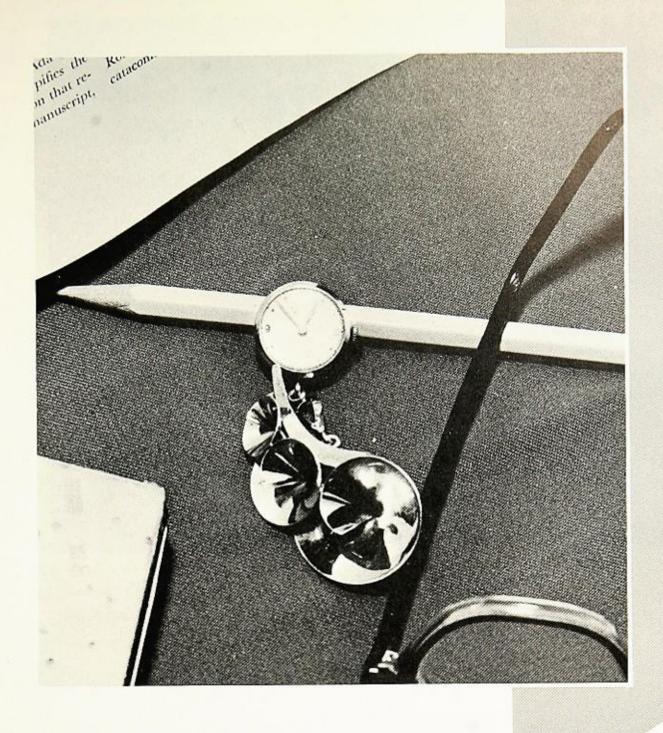

Richard B. Reiff B.S.Ed., M.S.Ed. Kutztown State College Temple University

Mr. Reiff began teaching in West Boro School District in 1944 as an art teacher and supervisor and an instructor of English.

He came to Northeastern School District in 1954 and taught art at Mt. Wolf Junior High School.

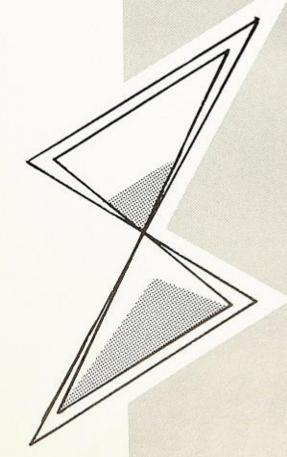

In 1956 he became curriculum coordinator of the school district, the position he presently holds.

## We Learn 70 Explore

Science, with its infinite possibilities in every walk of life, presents an opportunity to investigate and explore the fascination of the unknown. Northeastern's science department offers a background in the basic sciences and a chance to continue in the advanced courses of physics and chemistry. Each course provides the student with an appreciation for and a general comprehension of what is taking place in the world of science.

In addition to the formal classroom work, science-minded pupils are given an opportunity to display their talents by participating in the annual science fairs of the surrounding area.

## And Analize

Advanced math teaches us the theorems of parallel lines.

The aim of any mathematics program is to develop clear, logical thinking. Ours at Northeastern is divided into three specific phases; academic, commercial, and general, with some degree of specialization in each department. The academic department contains the advanced courses of mathematics for college-bound students.

The work for all groups is geared to the mastery of fundamentals and to interpreting the puzzling intricacies of numbers. The goal of the department is to treat mathematics as a living, growing subject, which calls for new and better teaching techniques, many of which have already become part of our mathematics program.

Social Studies links the ancient world with modern times.

Each phase of the language arts department attempts to assure the student of an increasing command and understanding of the langcage.

The English course provides a chance for the student to develop his individual talents for imaginative think-

ing, speaking, and writing.

To vary foreign language classes, customs and cultures of the countries also are studied through their music, literature, and lives.

To study the past in order to prepare for the future is the aim of the social studies department. Their program attempts to inspire a respect for America . . . her heritage, her culture, and her people and to teach the value of good citizenship in a democratic system of government.

To attain these ends the department, in addition to class work, sponsors field trips to governmental institutions.

Students receive competent counseling in planning their futures.

To guide and counsel those students who are uncertain about their future vocations is the aim of our guidance department. Encouragement is offered to students who possess intentions of broadening their knowledge after graduation. The counselors are always willing to discuss problems and to prescribe sound advice. The Jr. High guidance classes work to promote friendship and an understanding between the department and the students.

The department sponsors the National Scholastic Aptitude Test and informs students of available scholarships.

Our commercial department at Northeastern works toward supplying the business world with skilled, competent stenographers, accountants, receptionists, clerks, and various other workers in the field of business administration. Students are supervised in helping with the management of the school, giving them practical, useful experience. Emphasis is placed on the development of capable workers ready to accept responsibility in the commercial world.

## For The Future

Business students learn the operations of the ten-key list.

Filing techniques are taught in office practice.

RICHARD HUBER B.A. Millersville Industrial Arts

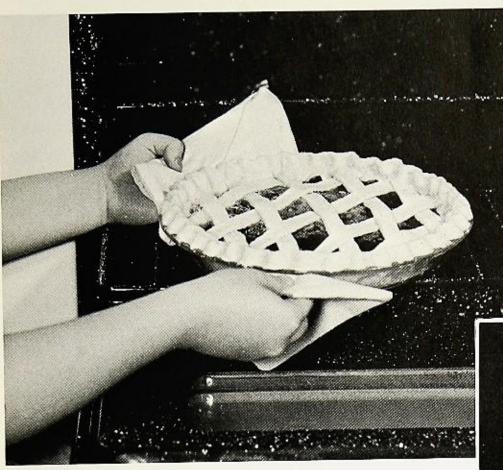

The beginning of a mahogany bookcase.

In the Industrial Arts department students gain experience in printing, mechanical drawing, electronics, wood, metal, and auto mechanics. The course provides an opportunity for creative activities through which a pupil may discover his interests and abilities. To present the fundamentals of industrial arts and to instill safety principles, high standards of accuracy, and pride in accomplishment are the aims of this program.

## World Of Tomorrow

One phase of home economics teaches the art of baking.

Home economics is a program that is designed to give each girl an opportunity to learn the basic skills of homemaking. This course does not consist of just sewing and cooking. The scope and sequence chart which is now being followed, coordinates all aspects of homemaking into a six-year program.

The girls are encouraged to display their handiwork at the York Fair and the State Farm Show. The department also sponsors baking contests.

We express our creativeness and talents through art and music.

### Expressions of Creativity

Developing creative expression is a similar goal of our music and art departments. Art and music enable the student to realize his possibilities as an individual.

The art department experiments with drawing, painting, ceramics, sculpture, and various other art media. Many of our students' works have received ribbons of merit at the York Fair.

The music department's program this year has been expanded and great effort has been made on its improvements. Choruses were arranged to accommodate every grade. Opportunity was opened for interested students to participate in the Southern District Chorus and our band became part of the assembly program.

Safety, Skill, Soundness

The purpose of the Physical Education program is to teach students good sportsmanship and a fundamental knowledge of seasonal games and physical skills. Northeastern participates in the York County Interscholastic League in addition to an intramural program.

Health classes discuss personal adjustment, first aid, the systems of the body, and human relationships.

In safety education pupils are taught the best methods of driving. These methods are learned in both classes and behind-the-wheel training. The aims of this department are to develop manual driving skills, courtesy, and winter driving techniques.

"Soar not too high to fall; but stoop to rise."

—MASSINGER

The class of '61 has worked hard to make their last year a successful one. In order to raise money for various expenses, they have sponsored Whacky Days, peanut and candy sales, record hops, the Christmas Dance, and the junior and senior plays. In spite of many setbacks and disappointments, they have proved themselves a co-operative group.

"Climb every Mountain, ford every stream, follow every rainbow - till you find your dream." The inspiring words of Rodgers and Hammerstein as sung by the Senior Chorus offer a challenge to the Class of 1961 as they give their final farewell to N.H.S. The past four years are but a few days for the seniors who realize they are now stepping upon a threshold of new horizons. As the recessional is played and the class files down the aisles, diplomas in hand, each member is filled with emotions. There are both laughter and tears, but behind them a feeling of regret to be leaving. As "goodbyes" and "good luck's" are exchanged, each classmate makes a silent pledge to himself that he will never forget his wonderful, carefree high school days.

Joe Farcht, Jr. shovels snow which drifted to a depth of 3 feet on his neighbor's sidewalk.

## "Northeastern

As a matter of fact, Northeastern was closed four days during this winter due to driving winds and snow storms. The photographs on these pages were taken the morning of February 4, after a 26-hour blizzard which left our school area under a 12-inch blanket of snow. This new blizzard brought the winter's total snowfall to 55 inches, assuring all students of abundant exercise — shoveling snow.

Drifts of snow, resembling sand dunes, surround Northeastern.

# Will Not Be Open Today"

Looking down the bus loading ramp, piles of snow reach up to the Junior High wind windows.

### Toward Untrod Paths

Upon the event of graduation, our class separates and each one follows his own path.

A variety of fields have been entered by our class members. A majority are engaged in occupations serving their community. Some have enrolled in institutions of higher learning and still others loyally serving their country through the armed forces.

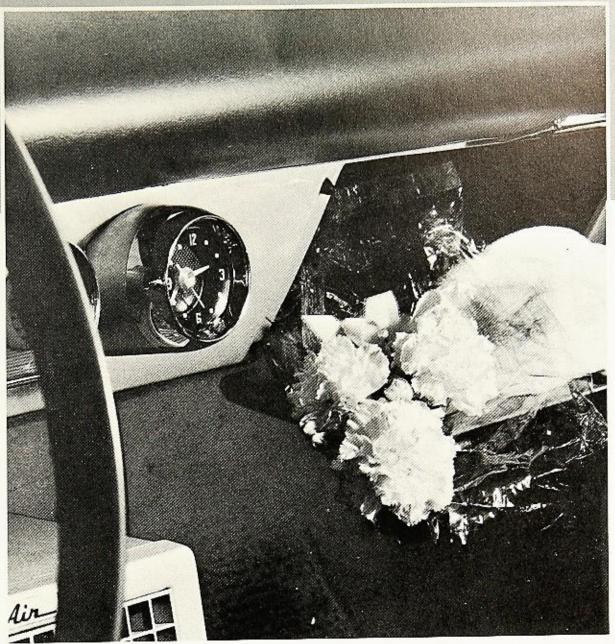

It is sincerely hoped that each member of the Class of 1961 will be blessed with much success and happiness.

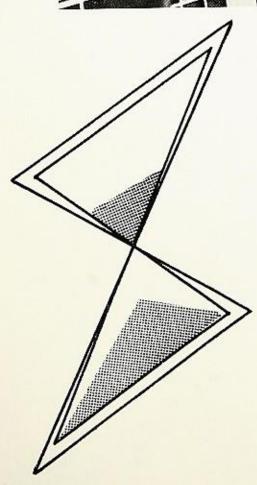

# Activities

# What Will They Think of

Breaking in one of the new compacts.

Next?

The knee-length skirt . . . the college cut.

Along with the outstanding events of the year, 1961, we will also remember the crazier-than-ever fads.

The world of fashion shocked the population with kneelength skirts. The racoon staged its comeback on coat collars, and just no one was in style without the "Jackie Kennedy" look.

Even the boys, scorning the word fashion, came out with their goal coats, tab collars, and college cuts.

March brought the annual rush to the "Trop" with the luscious subs, steaks, pizzas, and milkshakes to plague

all the calorie watchers.

Hitting the party scene were such notable comedians as Shelley Berman and Bob Newhart with the immortal "Oh, really?" and "Nutty George."

The biggest rage in "wheels" was the new compact cars; the more people you could stuff into one, the better.

The years will pass and we will look back in laughter at the clothes we wore and the things we did, but '61 was a year that belonged exclusively to our generation.

#### Distinguished Honor Roll

Northeastern was proud to have sixteen of its students meet the requirements of the Distinguished Honor Roll for the first semester of the 1960-1961 school term.

In order to warrant this Distinguished Honor Roll status, students must have had a semester average minimum of all A's and two B's, a commendable record.

We wish to recognize these students and congratulate them on their excellent scholastic achievement.

#### Cherry Pie Contest

November 29, 1960, final day of the Cherry Pie contest bake-offs at Northeastern, was an eventful day for Carolyn Whisler. Although the competition was keen, she emerged as Northeastern's Cherry Pie Champion.

Sponsored as part of the 16th Annual Pennsylvania Cherry Pie Contest, the contest was open to those students in the school above fourteen years of age.

We extend to Carolyn sincere congratulations.

### Student Handbook

A new project founded this year was the preparation of a student handbook for the 1961-62 school term. In charge of project were representatives from the Student Council and the Honor Society with Mr. Earl Manseau

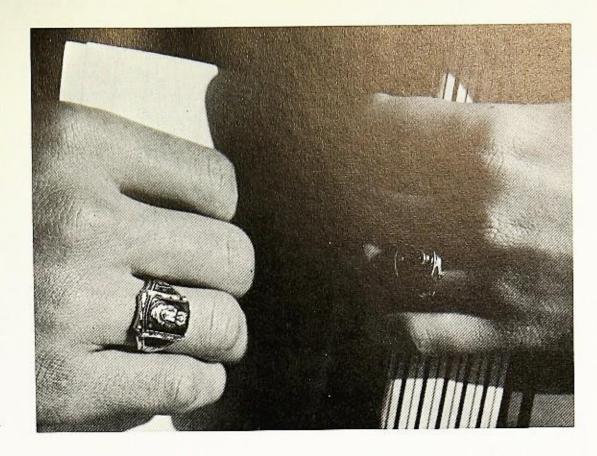

as the advisor.

The purpose of this handbook is to acquaint the new student with the school and its policy. Finances for the project were provided through the general fund.

Selection of the class ring has always been one of the major highlights of a student's high school days. Each year, junior class members eagerly anticipate that day in late October when they face a glittering array of rings. After much deliberation and subsequent change of mind, the final choice is made. From that moment on all thoughts turn to the wonderful day when the rings will be delivered.

Admiring "oh!"s and "ah!"s herald the arrival of the class ring, a signpost pointing the way to the long-awaited senior year.

Chosen by the Seniors as their class play was the light-hearted comedy, "Class Ring," depicting the hectic life at the home of the Heydon family. The theme was centered upon Tobey's acceptance of Brose's class ring and the problems she encounters while wearing it. Students serving behind the scenes were Jerry Rode as student director and Barry Klinedinst as prompter. Co-directors were Mr. James Raver, and Mrs. Margaret Wales, members of the English department. Thanks to everyone who helped in making the production a success.

## An Exchange in Schools and Ideas

Exchange of ideas in education and culture — this is the purpose of the now two-year-old program sponsored by the International Paper Company.

This year's exchanges occurred during the last week of January and the first week of February. Eleven Hadley-Luzerne students visited Northeastern and twelve of our own students made the trip at the same time.

Some of the entertainment provided for the guests included: a visit to the capital, the trip to Olmstead Air Force Base, tour of the International Paper Company plant in York Haven, and a special tea at the home of Mrs. John Sherrill.

Among the activities our students attended while there, were the international bobsled championship at Lake Placid, a tour of the capital and introduction to Governor Nelson Rockefeller, and visit to the ski slope at Whiteface.

Both students and their respective schools, we feel sure, have profited from this memorable experience.

An exchange of ideas through a panel discussion by Ruth Ann Knudsen. Kenneth Hill, Clair Snead, and Richard Fisher.

# Planning a Successful Program

The exchange committee consists of members from the administration, faculty, PTA, and student body. With the funds provided by the International Paper Company, they make necessary arrangements for the program, including transportation, curriculum coordination,

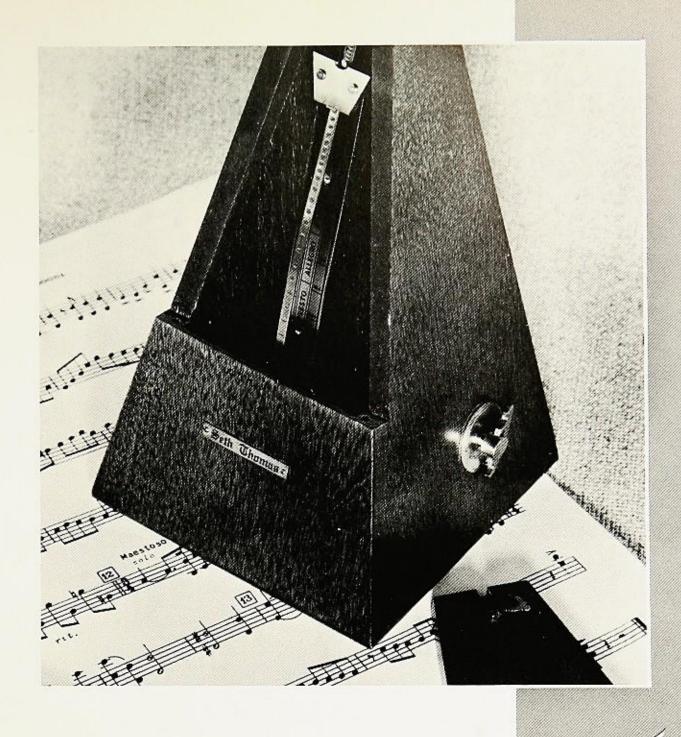

providing homes and a schedule of entertainment for the students during their stay.

Evaluation by the students of the exchange program has proved it an effective and worthwhile project in the improvement of education.

#### Student Council

The Student Council acts as an organization whose prime interest is to co-ordinate and promote student activity, with the co-operation of the administration.

Representatives are chosen from each homeroom at the beginning of the school term. Officers are chosen by the student body in a general election held during the latter part of the preceding school term.

Some of the events sponsored by the Student Council this year were post-basketball dances, noon-time dances, the school Christmas trees, holiday assemblies, the clean-up campaign, and the litterbug poster contest.

The GAA is an organization of junior and senior high girls whose aim is to promote interest in intramural and interscholastic athletics, and to advance good sportsmanship in the games.

The girls have had a successful year with a variety of activities. Play Days were held with area schools, and the group went bowling. They sponsored intramural field hockey, volleyball, track, basketball, softball, archery, badminton, and shuffleboard, and also served as referees for these games. This year a new project, a Pep Club was undertaken.

#### Stage Crew

This group's activity is chiefly concerned with the building of stage props and operating the stage facilities for school functions in the auditorium.

They also operate the lighting system and provide necessary special effects for school theatrical productions. We thank them for the splendid job done with the senior and junior plays and assembly programs.

The Scott W. Knaub Chapter of the National Honor Society was founded in 1957 at Manchester High School. The purpose of the organization is to recognize those students who are outstanding in scholarship, leadership, service, and character and to stimulate students of the school to strive for these attainments. Scholastic requirements are a 3.0 or a B average.

The annual induction ceremony takes place shortly after the third marking period. The major project undertaken by this year's society was providing scholarships for deserving seniors. To earn money for these scholarships, a dance was sponsored by the Honor Society on April 1. In addition, book covers had been sold during the year.

#### Newspaper Club

The Newspaper Club is a service organization responsible for the publication of our school newspaper, "The Orange & Black Yak." The objective of the club is to provide an account of school information and activities; and to teach members the fundamentals of editing a newspaper. Membership is open to grades nine through twelve.

In addition to publishing five editions of the newpaper, the club also sponsored a record hop with the theme of "Old Favorites."

### Les Memoires Staff 1961

The Les Memoires staff of 1961 has been working day after day since the beginning of the school term, aided by Mr. Ross Raffensperger, yearbook advisor, Mr. Gunner Hake, literary advisor, and Mr. Vincent Stankus, business staff advisor. Facing merciless and seemingly endless deadlines and piles upon piles of writing, editing, photographing and typing to be done, our work was cut out for us.

Now, with both the year and the book at their close, we find that the yearbook ha. become very much a part of us. It is our hope that this, the 1961 edition of Les Memoires, will become for you, its readers, a treasured collection of the memorable events of the year.

"Say it with music" — our chorus has always expressed themselves beautifully through their music.

Throughout this year, they have presented many programs, featuring light-hearted numbers such as "Cranberry Corners" to the sacred "Create in Me." Their music has served as an effective aid to worship in the Community Prayer Week, the special Thanksgiving and Christmas assemblies, and the Baccalaureate and Commencement programs. With the band, and two other choral groups, they participated in the annual Spring Concert.

Our school has well been represented by them as they entertained various organizations of the county.

### Without a Song

#### Seventh and Eighth Grade Chorus

The largest of our school choruses, composed of seventh and eighth grade students, has included in its performances of the year, the Christmas Assembly and the Spring Concert.

Because of the size of the group, the rehearsals were done in two sections, one meeting Wednesday, the other Friday. Lynne Bruaw and Cheryl Snyder were the chorus accompanists.

### The Day Would Never End

#### One-Hundred Ninth and Tenth Grade Chorus

This choral group of one-hundred members has lent its talents to providing music for assemblies, dedications in the surrounding area, P.T.A. meetings, and the Spring Concert.

Officers of the organization were: President, Carol

Krebs; Vice-president, William Brenner; Secretary, Rebecca Knight; and Treasurer, Nan Good. Serving as accompanists were Robert Bortz, Joan Boyer, Nan Good, and Carol Krebs.

Hersh at practice.

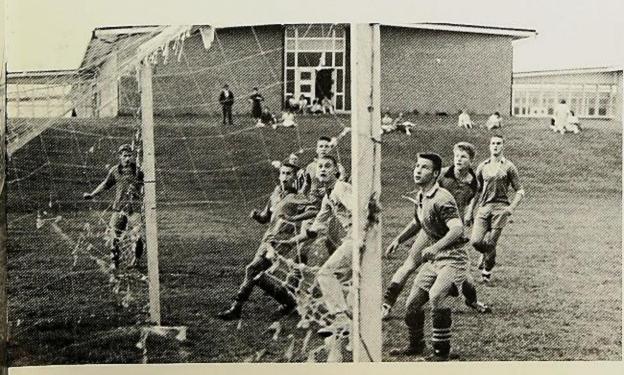

Monk saves with pains.

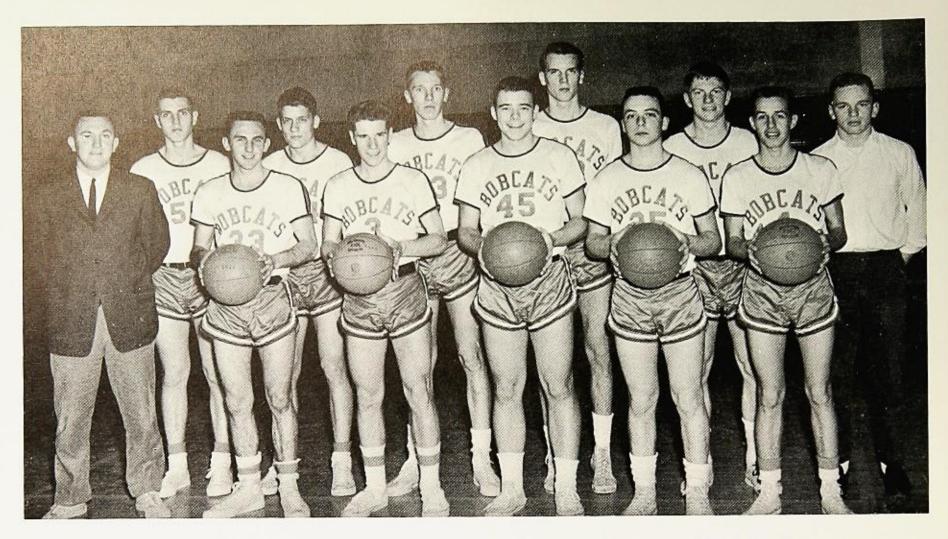

For the second consecutive year, our Northeastern booters have brought the York County Championship trophy to our school. Under the watchful eye of Coach Schaeffer, the team practiced and played with much enthusiasm, and above all, a high regard for sportsmanship. For the first time in many seasons, we had an undefeated and untied record in league competition, being defeated in District 3 playoffs by Pequea Valley, 3 to 0.

### Bobcats Fight Through Season

Northeastern for two -

The Bobcat quintet, under the coaching of Phil Kessler, started the season by posting a 4 wins, 1 loss record in exhibition play. During league action, however, the competition became more keen. Although lacking in height, the team had an abundance of speed and spirit which brought them to the end of the season with a 10 win, 11 loss record.

### Bobkittens and Bobcats Anticipate Coming Season

Guys and gals at N.H.S. are again anxiously waiting for the beginning of the coming interscholastic volleyball season. Now that practice has finally started, Miss Bricker, the Kittens coach, and Mr. Henry, the Bobcat mentor, are trying to decide which candidates will make the team.

We all wish the very best of luck to them in the coming games. Win or lose, we are sure that the teams will represent our school to the best of their ability in sportsmanship and teamwork.

How's that, Coach?

Our cheerleaders reflect school spirit and good sportsmanship, while giving the teams strong moral support in athletic events.

The senior squad is coached by Miss Glenda Bricker and co-captained by Joyce Brenneman and Joyce Becker. One of their yearly projects is to send representatives to cheerleading clinic during the summer. To raise funds for this expense, they sponsor the sale of school jackets.

The junior high squads have cheered alternately this year, while working toward the purchase of new uniforms. They are coached by Miss Rosalyn Greenlee.

Both squads have participated in the annual cheerleading contest held at Central High School.

The noonhour intramurals at Northeastern this year have been very well organized and very much enjoyed by a majority of both junior and senior high students.

The intramurals started in the fall with girls' field hockey followed by boys' basketball, girls' volleyball, and finally girls' basketball.

The girls' games were officiated by members of the G.A.A. while the boys' games were refereed by the members of basketball teams.

## Bobeat Nine Take Northern Division Crown in '60

During the 1960 season, our Bobcat nine, under the watchful eye of Coach Kessler, played their way through a 9 win, 2 loss season to recapture the Northern Division trophy for Northeastern. The playoff for the county championship was held at Memorial Stadium in York between Northeastern's nimble nine, and Red Lion, our traditional county foe and Southern Division champions.

After a long, well-fought, battle, Red Lion emerged the victor scoring only two runs to our none.

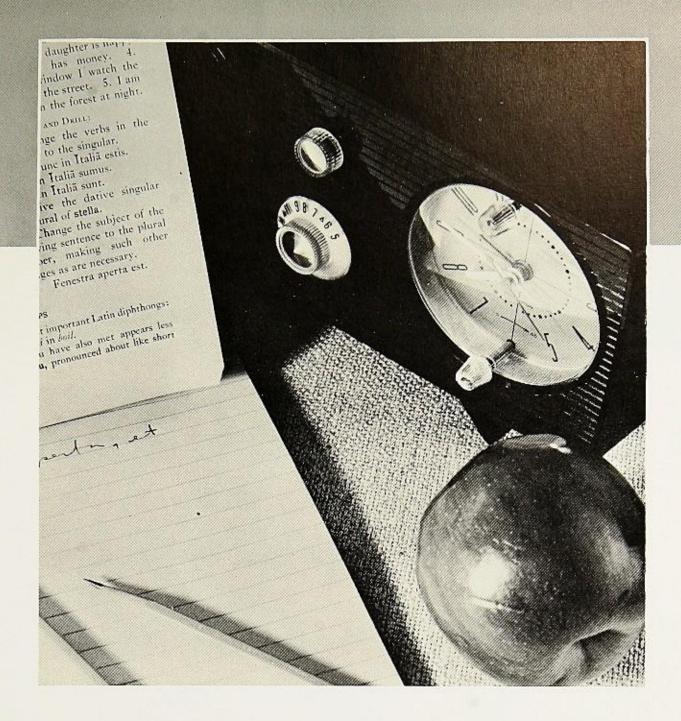

At the present time, Mr. Kessler is in the process of building the team for the fast approaching '61 season. The coach and the team anticipate another championship year as they have lost only three of their former starting players.

## Ready for the Transition

This has been a year of change for the Freshman class. It is their first year to participate in senior high activities while still retaining a position in the junior high. Another first for this class was the choosing of their own courses in preparation for their future years.

Projects sponsored to add to the class finances included selling refreshments at soccer and junior high basketball games.

## No Longer Neophytes

Seeming quite the veterans of junior high life, are the members of eighth grade. They have lost much of the wide-eyed wonder which was typical of them as entering seventh grade only a short year ago. Now with elementary school more securely locked in their past, they have become a functioning organ of high school life.

The eighth graders have already embarked on planning for their future activities by sponsoring a roller skating party at Playland.

### Enthusiastic Newcomers

Our seventh graders may have been small in stature but their eagerness to learn and their willingness to participate have made them giants among the students at Northeastern.

One of their many accomplishments was developed in their English classes where they prepared a history of York County canals. They presented this study in cooperation with the PTA to an auditorium filled with proud parents and teachers.
